Whether you need more handpieces or wish to have spares in stock to cover emergencies, you will find just what you need from our range of dental highspeed handpieces at great prices – terrific savings, with no compromise on optimum features.

- Head diameter 13.6 mm H 13.2 mm
- Securely held bur or instrument, thanks to the chucking system, with solid retention force – no loosening or slipping of the rotating instrument
- Torque Turbine cartridges, with long-lasting, German made ceramic bearings, increasing hand piece longevity.
- Precise, quiet and vibration free
- Optimum protection of the tooth from thermal damage by 3-port cooling spray
- Thermally disinfectable
- Can be sterilised in an autoclaveable up to 135°C
- 6 month warranty

PRECISION, RELIABILITY, LONGEVITY
A high standard of quality at budget prices

Acerdent[®]

Setting New Standards

TESTIMONIAL

Acerdent is a world-leading manufacturer of FG Dental Diamond burs, acclaimed internationally by thousands of discerning dentists.

Take a look at the following endorsement from Nigel Hitchin of Sheffield, a satisfied Acerdent customer for 20 years. This is the level of customer satisfaction we strive to achieve – and succeed.

"Thank you very much for your service for the past 20 years. Your diamond burs are excellent both in quality and price....."

Laughton Road Dental Surgery
N Hitchin L.D.S.R.C.S. (Eng) &
Associates
Sheffield

To dentists, the diamond bur is an indispensable tool. Its use is now no longer an option but a necessity: no other material is harder, longer-lasting or more efficient in achieving results. Given that the first choice will always be a diamond bur, the dental practitioner must take other considerations into account when selecting a reliable supplier, the foremost of these being the range and variety of burs offered.

With over 300 burs available in the Acerdent range, there is the right bur for every requirement. The excellent diamond grit retention gives longer life, less clogging, and our method of distribution means great savings passed on directly to you.

The huge range, the highest quality, the excellent reliability - Acerdent burs raise the stakes and set a new standard. No more gold standard: demand the diamond standard, and find it with Acerdent.
